Solar Nation, Inc
55 Carter Drive, Suite 108
Edison, NJ 08817

To Whom It May Concern:

It is with great pleasure that I write this letter on behalf of Mike Wood Sr. of American Precision Sheet Metal in Middlesex, NJ. Solar Nation has built a strong professional and personal relationship with Mike and the American Precision team. His genuine care for his customers speaks volumes to the quality and timeliness with which his products are produced. I must say in my 30+ years of experience in the sheet metal fabrication industry, American Precision Sheet Metal's attention to detail and integrity to their customers is exemplary.

American Precision Sheet Metal has a machine tool capacity that enables them to consistently deliver their orders on time and/or ahead of schedule for Solar Nation's largest projects. Their design capacity is commendable as they have pointed out beneficial improvements to Solar Nation's designs that have led our own products to be more durable and cost effective.

Mike Wood Sr. possesses a positive and supportive influence both professionally and personally that has made it a pleasure to know and work with him. In conclusion, I strongly recommend conducting business with American Precision Sheet Metal without reservation.

Sincerely,

A handwritten signature in black ink that reads "Paul Anthony". The signature is written in a cursive style with a large, stylized "P" and "A".

Paul Anthony

Solar Nation Chief Technology Officer, Founder, & Director
